4th International Conference and Members' Meeting

Le Centquatre, Paris, France
November 13-15, 2013

Pre-conference workshops
are in collaboration with

Understanding differences in prevention outcomes

Co-organised with INPES (Institut national de prévention et d'éducation pour la santé), MILDT (Mission interministérielle de lutte contre la drogue et la toxicomanie), INCa (Institut National du Cancer), and in collaboration with IReSP (Institut de Recherche en Santé Publique) and Aviesan (Alliance nationale pour les sciences de la vie et de la santé)

This year's EUSPR Conference will focus on the important role of modifiers of prevention outcome, and examine the best ways in which diversity can be incorporated into research and practice. Keynote speakers will present the latest findings from research investigating modifying factors such as age, gender, ethnicity, family and socioeconomic status.

We are also extremely pleased that pre-conference workshops will be held in collaboration with the Science for Prevention Academic Network (SPAN) project, which aims to support the development of prevention science education across the EU. Early booking is essential.

13 November 2013: PRE-CONFERENCE WORKSHOPS

EUSPR/SPAN workshop on Mediation Analysis

This workshop will be led by **Dr Metin Özdemir and Dr Fabrizia Giannotta, Örebro University, (SW)** and introduce concepts of mediation, moderation, latent growth curve modelling, and multiple mediator models. The afternoon session is a practical class which will allow participants to apply the techniques they have learned on a specially prepared data set.

EUSPR/SPAN workshop on Development and Evaluation of Complex Preventive Interventions

This workshop will include sessions by **Emma Davies, Oxford Brookes University, (UK)** • Development and specification of novel behavioural interventions; **Prof Rosaria Galanti, Karolinska Institute, (SW)** • Designing and Planning Research to assess causality in complex interventions; and **Dr Jeremy Segrott, Cardiff University, (UK)** • Real world complex intervention research - recruitment, retention and process evaluation.

14 & 15 November 2013: CONFERENCE

Registration on Day 1 of the conference is from 8.30, with the first session starting at 9.30. The day will end at 17.30. Day 2 will start at 9.15 and end at 17.00.

Over the two days, the conference programme will allow delegates to take part in a variety of sessions and social events, including:

PLENARY SESSIONS

Plenary Session 1

- What factors are likely to moderate the outcomes of family based prevention? - **Prof Frances Gardner, University of Oxford, (UK)**
- The influence of gender on moderating prevention outcomes - **Dr Federica Vigna-Taglianti, University of Torino, (IT)**

Plenary Session 2

Contextual factors affecting prevention. Including contributions from **Dr Jeanne Poduska (USA), Dr Katarzyna Okulicz-Kozaryn (PL), Mr Frederick Groeger-Roth (DE).**

Plenary Session 3 - Conference Chair's Plenary

- Challenges of economic evaluation in Prevention - **Dr Franco Sassi, OECD**
- Multiphase optimisation strategies for complex interventions - **Prof Linda Collins, Penn State University, (USA)**

PARALLEL SESSIONS

Parallel Sessions are the core of the conference as they allow delegates to present and discuss their latest findings and ideas.

As well as open themed sessions, other parallel sessions are focused on understanding how effective interventions are developed and work across different outcome domains.

Parallel sessions will present interventions addressing multiple risk factors that have been empirically tested for effectiveness, focusing on their theoretical models and the evidence supporting the anticipated chain of their multiple effects (mediation analyses or similar).

Guided poster session

This is a structured poster session. All poster presenters will be available to talk about their work as per a traditional poster session, but 3-4 will be selected in advance to talk to all delegates about their work in more detail. Posters will also be displayed at breaks and at lunch.

The SPAN project have sponsored prizes totalling € 500, to be awarded to the best posters by Early Career Researchers.

LUNCH ACTIVITIES

There will be a range of lunch activities taking place, including:

- NIDA/EC prevention portfolios
- Post-graduate student Forum
- Screentime; Transportability of evidence-based programmes

SOCIAL ACTIVITIES

There will be coffee breaks and lunch provided throughout the pre-conference workshops and both conference days.

On Day 1 of the conference, November 14, there will be a social dinner, please check the website for details (<http://euspr.org>).

(please note that the conference fee does not include the dinner).

Please check the website (<http://euspr.org>) for further conference details and timings.

EUSPR MEMBERS' MEETING

All EUSPR Members are invited to attend the EUSPR Members' Meeting on the morning of Day 2 of the conference, 15 November, 8.30 - 9.15 (<http://euspr.org>).
