Welcome to Lisbon

To experience all Lisbon has to offer, check the following website:

The ‘Viva Viagem’ card is an electronic card that is validated by approaching the card to the contactless validators; it is reloadable and specially designed for non-frequent customers.

Loading options
Non-frequent customers can purchase ‘Viva Viagem’ cards, which you can use to charge several tickets of a single type of fare:
– Zapping — valid in the Metro, Carris (buses), CP, Transtejo and Soflusa, Fertagus and MTS – Metro Transportes do Sul (stored value).
– Carris/Metro single ticket
– One-day ticket for Carris/Metro

The Viva viagem card can only be loaded with the same type of tickets. However, if you wish to reload a different type of fare, for ex. a ticket from another transport operator, you must first use all the previously loaded tickets.
